SUNDAY, MAY 26, 1901.

ARE AMERICANS IMPERIALISTS?

Frequently during the last campaign Mr. McKinley alluded to the word, "Imperialism," denying in a general way that it could be justly applied to the acts of the administration. For lack of time, probably, he has said less about it in his recent rear platform speeches, but in his more elaborate address at El Paso, where were present the representatives of the Mexican government, he led up to it. These are his words: "Don't be alarmed about imperialism. We know of no imperialism in the United States except the imperialism of a sovereign people."

This was an admission, or rather an assertion, that there is imperialism in the United States, but that it was exercised by the people and not by the head of the government.

Webster defines an imperialism as follows: "A subject or follower of an emperor; one who favors the establishment or maintenance of an empire."

Is there a libel upon the American people than was ever uttered or expressed by any foreign hater of our free and liberal form of government and, for the sake of argument, admitting the declaration to be true, is imperialism by a people any more justifiable than the same sort of imperialism by a despot?" But is it not true, and the President's assertion was a weak attempt to shift upon the people the responsibility of the imperialistic acts of his administration?

His Mexican listeners had suffered enough from the effects of imperialism to fully understand its meaning and composition, and if they believed the words of an executive ruler, what must have been their opinion of the people of their sister or contiguous Republic? As a matter of fact, law and common sense, it is an impossible for a people to execute the functions of imperialism, as for a single person to constitute a mob, both of which are physical, mathematical and moral impossibilities.

As people we declared that "taxation without representation" was tyrannical and not to be endured. In the imposition of a duty upon the Porto Rico, any less a violation of such declaration, it imposed by Congress and President of a Republic than if ordered by such single individual under the title of king, emperor or czar. If such act is committed it matters not how or by whom. Furthermore the outrage is not diminished by declaring that it was done in the name of a people rather than by an individual.

The President's declaration was a feeble attempt to turn State's evidence. He admitted commission of the crime, but pleaded exemption from the penalty by testifying that his confederates, the people, were more to blame than himself.

WOULD BOOM THE STATE.

If it is true, as reported, that the Elko coal property now shows an eight foot vein of coal of good quality it has passed beyond the prospect estate and is a coal mine. A good mine in Nevada with the attendant reduction in the cost of fuel will result in the opening of many important industries. Nevada contains extensive iron ledges that only require cheap coal to become profitable. A fair sized iron mine and furnaces would employ more men than probably are engaged in mining the whole State over at the present time.—Carson News.

Elko ladies have formed a stock company and will build a town hall.

U. OF N. WINS FROM UTAH.

The Sagebrushers Capture the Field Day Without Difficulty.

Our Nevada track-team is again victorious. Yesterday afternoon on the University oval, they met the Utah boys and beat them in athletics at his home in Bishop. From him the Register obtained facts for the following items:

The events opened by a 100 yard dash between Stubbs and Mormon of Nevada, and Milne and Rideout of Utah. Rideout came in first, followed by Stubbs second and Mormon third. Time, 10 3-5 seconds.

The next was the 880 yard dash; entries being Hume and Rice of Utah, and Clark and Ayres of Nevada. Hume was first, Clark second, and Ayres third. Time, 2 minutes 10-5 seconds. The 120 yard hurdle race followed. The results were: Stubbs first and Johnson second. Time 13 seconds flat, with Stubbs breaking the University record.

In the shot put, Peterson of Utah, C. Smith and Paul Mormon of Nevada were the entries. Smith broke the record by sending the shot 41 feet. Mormon was second.

In the hammer throw, Utah was represented by Peterson, and Nevada by C. Smith, Arnot and Mormon. Lucky Smith tried to throw the hammer into the ditch and nearly succeeded by sending it 142 feet 7 inches.

The 220 yard dash was won by Mormon of Nevada first and Rideout of Utah second. Time, 23 3-5 seconds.

Richards and Parker of Nevada, and Johnson and Peterson of Utah entered the pole vault. Richards won by vaulting 10 feet; Peterson was second.

The mile was run by Hume and Hatch of Utah, and J. Taylor and N. Wright of Nevada. Hume was first, Wright second and Taylor third; Hatch fainted and dropped out. Time, 5 minutes and 20 4-5 seconds.

In the quarter-mile run, Keddie of Nevada was first, and Springmeier of Johnson, and D. Ward of Nevada second. Milne and Sadler of Utah followed. Time, 55 seconds.

C. Smith broke the 'varsity records for the shot put and hammer throw.

The 220 yard hurdle race between Johnson of Utah, and D. Ward of Nevada resulted in Ward crossing the line first. Time, 29 3-5 seconds.

The high jump between Ward and Richards of Nevada, and Peterson and Johnson of Utah, was won by the Nevadans, there being a tie between the two. Both jumped 5 feet 3 inches.

Wm. Little was arrested on the charge of vagrancy.

James Collins, an alleged vagrant, was held over.

James Graham, A. W. Smith and James Miller were given time for vagrancy.

WILL LOCATE HERE.

Prof. L. E. Petree, principal of the High School at Puse Robles, was in Reno yesterday attending the funeral of his aunt Mrs. Needham. Prof. Petree is a graduate of the Stanford law school. In a week or two he will bring his family to Reno and hang out his shingle.

CARD OF THANKS.

I desire to thank all kind friends who tendered their service during the illness and at the time of the death of my aunt, Mrs. Needham.

HELP WANTED MALE.

Energetic, reliable representative in every county; position permanent and profitable. American School of Correspondence, Boston, Mass.

CONCERNING TONAPAH

Something About One of Nevada's Youngest and Liveliest Camps.

J. G. White, now engaged in freighting between Tonapah and Sodaville, spent a few days of last week at his home in Bishop. From him the Register obtained facts for the following items:

Butler postoffice will soon be in full running order. It is named for the camp discoverer an honor which but little expresses the high estimation in which Mr. Butler is held. His wish to insure the leasers and working miners of the place fair treatment and a chance to make something after venturing there was the chief reason for the failure of the sale negotiations. He is one fortunate man who in his success does not forget the days of his own struggles, and is respected accordingly by all in the place.

W. W. Booth is about ready to launch his new paper—an enterprise which is awaited with interest.

From one to four carloads of merchandise and lumber arrived at Soda on every train for the camp. The chief shippers say that many more teamsters can find something to do. Freight rates will probably be reduced before long, however.

The stages are loaded with passengers. As many vehicles as necessary are run each stage day to carry all comers. The trip is made in two days, all in daylight.

Small coin is scarce. There are lots of good Wells Fargo checks to be had.

Building is going on as fast as lumber can be obtained. Clyde May is one of those located in the place, and is handling produce and similar supplies.

A man, who has followed Western mining camps extensively, says that for the size of the place he never saw it equal, not even in Cripple Creek, for promise of future success. An evidence of its sincerity is seen in the erection of a large saloon building.

An owner was asked what his richest ore was worth, and in reply he pointed out two sacks, valued at over \$600.

Water is still scarce. The springs are guarded, and water can be obtained in the town only.

Living and team expenses are necessary high. Water for a team for 24 hours cost \$1 and feed is by no means cheap.

IMPROVEMENTS BY LUMBER CO.

The Reno Mill and Lumber Company is receiving lumber, posts and shingles and, depositing them on their new grounds below the N.C.O. shops.

When the ground is cleaned of sagebrush and rocks and all the side-tracks laid they will have a spacious yard and will be prepared to meet all business demands in the kindred line even should this community grow to 10,000 or 15,000 within the next couple of years as is frequently predicted.

F. M. Payne has moved their office from the old site west of town and it now awaits a suitable foundation to find its final visiting place. A well has been dug and nicely walled and, as the saying goes, "Everything will be as neat and handy as a pocket in a shirt," when completed.

AUGUST FLOWER.

"It is a surprising fact," says Prof. Houston, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation.

I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at S. J. Hodgkinson.

Sold by all dealers in all civilized countries.

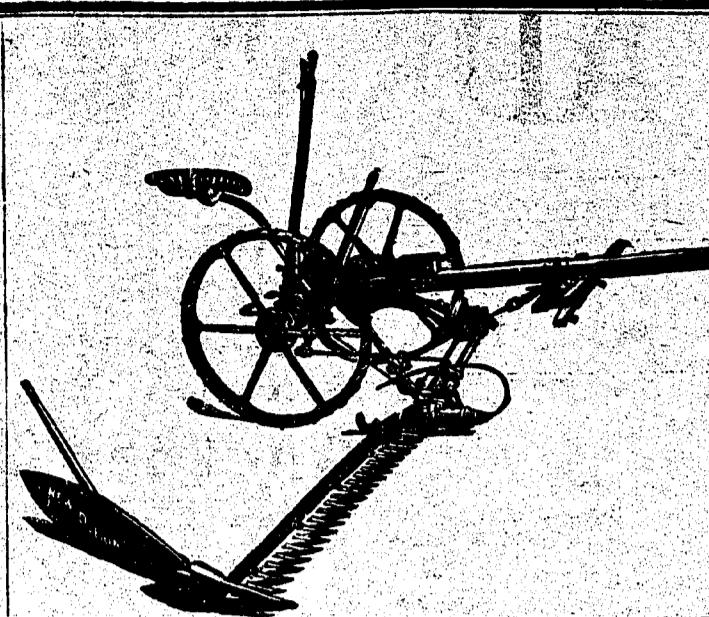

MIDWAY PLAISANCE.

The committee of arrangements for the Carson Fourth of July celebration closed a contract last evening for the Midway "Plaisance." It will consist of six free shows and six for which admission will be charged. It will be the equal of the Chicago Midway during the Columbian Exposition. The gentlemen who control it have given a bond of \$12,000 to fulfill the contract as agreed upon.

A STAG PARTY.

The C. A. O. S. held their third annual stag party last night in Ritter's Hall. There was a good attendance of the jolly young fellows composing the club.

At the conclusion of an excellent musical program, a banquet was partaken of.

BRIEF FOR SEPARATE HEADS.

The grand jury was in session yesterday.

Miss Mary Nowatoney and James Tolley, both of this city will be married Wednesday evening at home of the bride's parents.

Last evening the Reno Wheelmen closed a contract to race with the Sacramento Wheelmen at Carson on the Fourth for the Coast championship.

Service will be held at 9 o'clock in the Catholic Church.

Mrs. Wm. Mac N. Leets is visiting the family of B. F. Leets.

Brick is being landed on the ground for the new storage warehouse on Fourth street, below the new lumber yard. It will be a mammoth structure and will be pushed to completion.

Owing to a shortage of brick that commodity is being brought from California in carload lots.

A partial report was made last evening by the grand jury.

Negotiations for the sale of the Bell mines to Senator Clark have not yet been closed.

The case of W. E. Deal vs. Administrator Moore of the Sam Brown estate was nearly completed in the District Court yesterday.

Ground has been broken for the new kindergarten building. There are more buildings in course of construction in Reno at present than at any time since the season following the great fire a couple of decades ago.

The middle and junior classes of the Reno High School will tender a reception to the senior class some evening next week.

ABOUT MINE AND MINER

NOTES GATHERED FROM EXCHANGES ABOUT THIS INDUS.

The news has reached Ely that Thomas Berry has secured a lease on the Brophy mine in Flora district, for eighteen months with the privilege of a removal.

F. T. McGurkin and Patrick Ryan of Salt Lake have bonded twelve patented claims in Ten-Plate district, in Lincoln county.

Herman Zadig, the Comstock mining director, is credited with having cleaned up over a million in the recent Wall street (New York) stock deal and Archie McDowell is reported to have come out several thousands winner on the same.

"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out, about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They're unrivaled to regulate Stomach, Liver, Kidneys and Bowels. Perfect satisfaction guaranteed.

Sold by S. J. Hodgkinson.

IMPROVEMENTS.

The N.C.O. is improving every minute in the construction of their machine and car shop and will soon have them ready for occupancy. The machinery to be installed will be of the latest and be complete in every particular for the character of work for which it is intended.

KING WILLIAM SNUBS NEVADA.

His Royal Highness Failed to Remember the Maine.

In This Instance "The Cat Couldn't Look at the King."

Insult has been added to injury. The old Battleborn State that gave its hundreds of millions from its mines and the votes and lives of its people to save the tottering Union, has had another snub from Wm. L. King of the United States, Emperor of Cuba and Porto Rico, Czar of Hawaii and the Philippines, Sultan of Sulu and Bledid of Moop.

When the royal procession was plan-

the head of the nation in loyal manner.

Unfortunately the schedule planned would get the special across the State line before the shades had fallen. Hence a circuitous trip around by Stockton, for the alleged purpose of waving the royal handkerchief in the faces of ten thousand people, who clamored, but should not have had the temerity to expect a speech. Hence the Stockton tour was for no other purpose than to slip into and out of Nevada between two days.

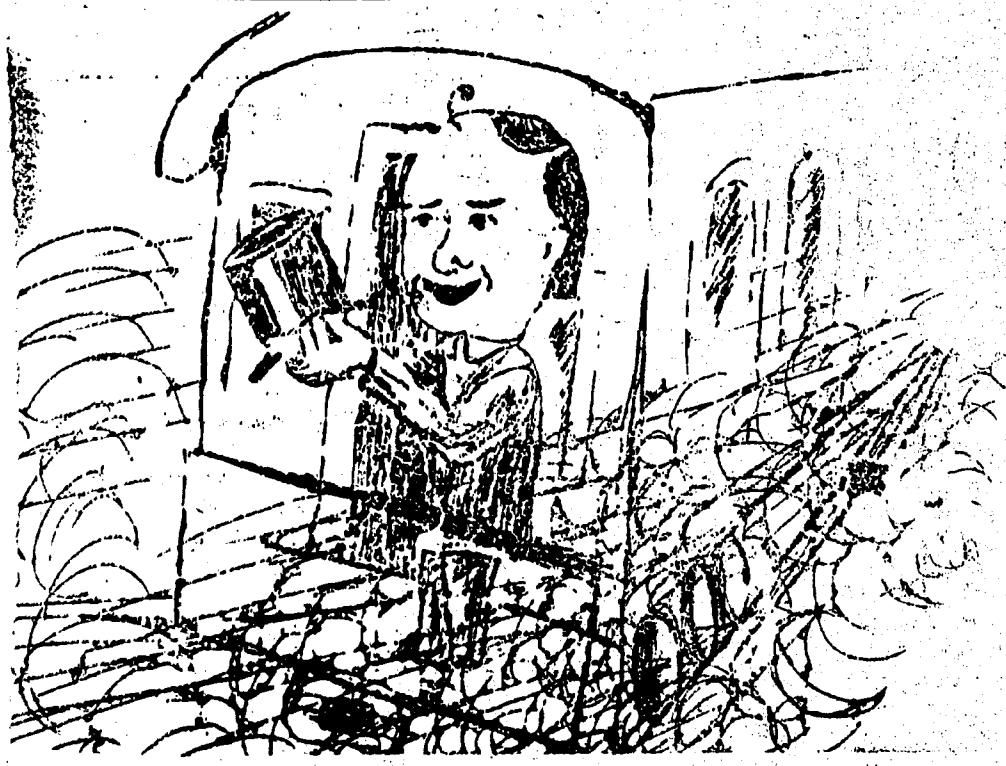

Falsely promises were made by the King's Chamberlain to stop at Reno for five minutes. Mr. Cortelyou even

The great, white electric headlight over in view. The mighty host crowded nearer to the rails. A low murmur of applause arose, but lest the sleeping invalid be disturbed, the voices of the crowd arose in subdued tones.

Two shrill blasts from the whistle and the train rushed through the yards and onward into the night.

The great spectacular arranged by the Southern Pacific Company to prove that it was above and beyond the law and near the great yellow throne—by giving to the king what is denied by statute to the humble lawmakers—namely a gratuitous transportation—was like the Hibernian stationmaster's train: "Off again, on again, gone again, Lanigan."

It was arranged to be made in the dark.

clusion of Mr. McKinley to give Reno the "ha ha" might have made some people mad. In certain sections it might even have had noticeable effect upon future elections. As to how the latter will work out here the Journal wots not but it is the opinion of the writer that few communities would have treated last night's episode with the hearty, good natured laugh that resounded when the train rolled by.

All arrangements were made for the great event. Delegations came from the far north, from Carson and from Virginia. Three thousand patriotic and forgiving citizens assembled at the station at the appointed time to greet

the truth remains that Mr. McKinley committed a rude and impolitic act when he failed to notify the people of Reno concerning his changed plans.

SOSO FOUND NOT GUILTY.

ANOTHER ENTERPRISE

MRS. NEEDHAM LAID TO REST.

At 7 o'clock yesterday morning Elmo Soso walked out of the Court House a free man. For three months he occupied a cell with the charge of murder hanging over him. Joquin Valenzuela was the person he was alleged to have murdered.

The trial, which lasted several days, was an interesting one. Although the circumstances attending the killing for a time looked bad for the defendant's chances, his deportment during the trial was greatly in his favor.

The evidence proved that there was great provocation and that, as a reasonable man, Soso feared that his own life was in danger.

The case went to the jury Friday evening and the verdict was arrived at about 1 o'clock yesterday morning.

ALUMNI BANQUET.

The annual banquet of the Alumni Association of the University of Nevada, was held last night in Investment Hall. There was an unusually large attendance. Mirth and merriment were the ruling spirits of the occasion.

The banquet hall was a "dream of loveliness," as the hackneyed expression goes. A. T. Rice, proprietor, of the American Restaurant was the good angel of the occasion. He had decorated the room with flowers, greenery and bunting until it resembled a sylvan scene. The viands were of the best and were served in courses.

THE PALACE DRY GOODS

A Good Haul.

Special to the JOURNAL.

BERLIN, May 26.—Sanden, the banker who failed recently, played havoc with the funds of the royal family. Several are bankrupt and the Kaiser and Empress have lost a large part of their private fortune. It is stated that Sanden secured nearly \$9,000,000.

Stocktonians Disappointed.

Special to the JOURNAL.

STOCKTON, Cal., May 26.—McKinley was scheduled to stop here for a half hour yesterday and great preparations were made for a speech. Ten thousand people were present. He remained but half a minute and left.

The revenue cutter Grant is not so badly damaged as reported and will likely be saved.

SOCIAL GATHERING.

On Wednesday evening a large party

of the friends of Mrs. D. R. Martin,

of the Band Box Millinery Parlors, met

at the residence of her sister, Mrs. E. S. Ede, 310 West street, to welcome

her home after an absence of several weeks in San Francisco and San Jose.

The evening was pleasantly spent

in conversation and music and later

light refreshments consisting of ice

cream and cake were served.

OLD SOLDIER'S EXPERIENCE.

M. M. Austin, civil war veteran, of

Winchester, Ind., writes: "My wife was

sick a long time in spite of good doc-

tor's treatment, but was wholly cured

by Dr. King's New Life Pills, which

worked wonders for health." They

always do. Try them. Only 25c.

KEEPING OUT OF MISCHIEF.

The fire laddies are employing their

spare time in a very profitable man-

ner. The second-story of the engine

house was left in an unfinished con-

dition when purchased by the city. The

department boys are putting in parti-

tions and ceiling the rooms. When their

task is completed they will have very

cozy quarters.
